

HEAR FOR THE Holidays

Dear <<FirstName>>,

The holidays are filled with moments worth hearing, from laughter around the table to stories shared with family and friends

If conversations have been harder to follow lately, especially in busy or noisy places, it may be time to check in on your hearing or see what newer technology can do

We're inviting you to our **Hear for the Holidays Event** and giving you the opportunity to experience **Unitron Moxi™ S-RX** hearing aids, designed to help make every day listening easier and more comfortable.

Why you'll love Moxi S-RX:

- **Hear conversations more clearly** - AI-powered technology helps separate speech from background noise, making it easier to follow conversations in busy environments.
- **Stay connected** - Universal Bluetooth® connectivity lets you stream calls, music and more from compatible iOS® and Android™ devices.
- **Comfort that lasts** - A sleek, comfortable design and rechargeable battery make Moxi S-RX easy to wear throughout your day.

Make this holiday season more about the conversation, laughter, and people you love, and less about trying to keep up.

Call us today at XXX-XXX-XXXX to reserve your spot at the event.

Sincerely,
